
THE UNITED STATES OF AMERICA

THE MOST ADVANCED SOCIETY ON EARTH

WE, AS AMERICANS ARE PROUD TO BE THE WORLD'S LEADER IN PROMOTING HUMAN RIGHTS, JUSTICE AND FREEDOM FOR ALL.

WE ARE PROUD OF OUR ADVANCED TECHNOLOGY, SKILL AND DETERMINATION TO PROVIDE A BETTER, AND MORE SOCIALLY ADVANCED SOCIETY FOR THE NEXT GENERATION.

AS AMERICANS WE ENJOY SOME OF THE GREATEST HUMAN LUXURIES AND FAIR GOVERNMENTAL TREATMENT KNOWN.

The American people have not forgotten to provide every possible luxury to men who must serve time to repay a debt to society.

We hope to soothe those long lonely nights behind bars, by providing you with lovely trans-gendered and trans-sexual partners.

The United States Government does not recognise at this time, that Gender & Sex have two completely different definitions. That there are not two, but four naturally occourring combinations of sex & gender.

Trans-gendered & Trans-sexual persons incarcerated with those of their opposite gender are placed in great physical danger. Current policies toward Trans-gendered & Trans-sexual persons are an extreme form of mental cruelty unbecoming to our modern society.
Medical professionals now state 3 - 5 % of the male population comprise all segments of the Trans-gendered community.

Tell your government officials, corrections officers, and police departments that these policies are degrading to all of the American people.
